

WE KEEP FAMILIES TOGETHER!

Comprehensive Residential Family Treatment allows a mother/father and all of their minor children (newborn – 17) to reside together in a modified and enhanced Therapeutic Community. Our facilities provides the structure and support for a full continuum of services for both parents and all of their children.

Programming combines treatment, prevention and aftercare services towards breaking the generational cycle of addiction

Odyssey has a proven record of success advocating for and supporting the reunification and stabilization of families.

Pregnant and Parenting Women are a Priority for Admission and Treatment
