- Intensive Outpatient
- Traditional Outpatient
- The Flint Odyssey House

Outpatient program offers a second chance for individuals struggling with a substance use disorder. Individuals learn highly effective techniques that are instrumental in living a recovery lifestyle.

Psychiatric consults and medication reviews are available onsite for those with co-occurring mental health disorders.

We also provide coordination with the legal system through drug testing and progress evaluations, assistance in accessing housing that includes Rubicon Recovery Housing and long term community based services for pregnant and post partum women.

Call today to discover which of our services is the best route for your journey of self-discovery.

Recovery is Possible!

Flint Odyssey House has a 30 year history supporting the rehabilitation of those suffering from addiction.

Not only is the disease of addiction addressed, but the many facets of successful living are instilled, economic situations are improved, employment opportunities are secured and independent housing is achieved.

Pregnant and parenting women are a priority for admission to treatment.
